

ERGONOMIC TOOLS

Make Speed Systems' new ergonomic tools part of your plan to prevent injuries associated with installing and removing molded rubber components!

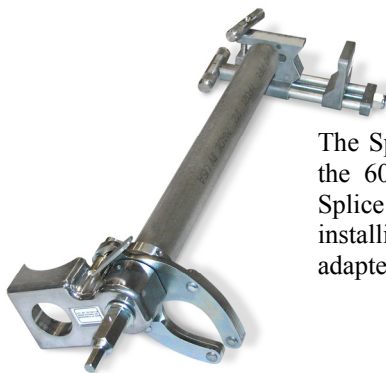

New SAT Splice Assembly Tool

The Speed Systems SAT Splice Assembly Tool provides an ergonomic advantage when installing and removing 200 Amp and 600 Amp 15, 25 and 35kV splices.

600-TAT T-Body Assembly Tool

The Speed Systems TAT T-Body/Cable Adapter Assembly Tool provides an ergonomic advantage when installing 600 Amp T-Bodies and Cable Adapters.

New TAT/SAT Combination Tool

The Speed Systems TAT/SAT Combination Tool combines the features of the 600TAT Cable Adapter and T-Body Installation Tool and the SAT Splice Assembly Tool. The tool provides an ergonomic advantage when installing and removing 200A and 600A splices, as well as 600A cable adapters and T-Bodies.
